EACH Nemo model has its special fit-
ness for some particular type of figure,
and is always found faithful to its mis-
sion. Each Nemo model embodies the re-
sults of expert attention to detail in studying

Equally as eagerly welcomed have been the ingenious figure-

The records of the U. S. Patent Office show that more
patented improvements for Corsets and Corset accessories are

bined.

When it comes to style, the position of the Nemo Corset
